Nicole –

Hope all is going well and that once again you are enjoying motherhood!

Wanted you to know that Mr. Mikalian and I have discussed the Waste District a little bit, since he asked the VLSG to withdraw its claim of CBI on the documents the Group had submitted to EPA, said documents subsequently requested by the Waste District. Recall that at some point I indicated to you that the VLSG had evidence that the Waste District and/or its members had disposed of one or more waste streams at Valleycrest that were other than residential MSW, and that the VLSG would oppose any EPA settlement with the Waste District along the guidelines of EPA's MSW settlement policy. I wanted to make sure that if the Waste District pushed for such a settlement while you were out, Mr. Mikalian was aware that the VLSG had taken such a position. After discussing this issue with Mr. Mikalian, I am comfortable with EPA's position at this time, so there is no need for you or Mr. Mikalian to do anything, but I just wanted to make sure you were aware that we had discussed this issue while you were out.

Thanks, and I hope that all continues to go well!

Steve
